

Statement of Interest for Hanford Advisory Board National Liaison

Pamela Brown Larsen
Executive Director – Hanford Communities

For the 22 years Pam has served as Executive Director of the Hanford Communities (HC) an interlocal organization comprised of four cities, two counties and a Port District. The goal of the Hanford Communities is to promote the cost-effective and expeditious cleanup of the Hanford Site. It is Pam's responsibility to maintain current knowledge about the Hanford budget and progress on cleanup programs of concern to the elected officials of the organization. She makes arrangements for presentations by Department of Energy (DOE) managers, regulators and contractors to board members on a quarterly basis.

Pam represents the communities in working with state and federal regulators, private contractors and Department of Energy officials in Washington D.C. and Richland to address the concerns of local communities.

Pam has represented the City of Richland as a board member of the Energy Communities Alliance (ECA) for over twenty years. She represents ECA as a member of the Combined Intergovernmental Working Group in planning an annual conference with the DOE Environmental Management program.

Pam represents the City of Richland on the Hanford Advisory Board. She is chair of the River and Plateau Committee of the HAB and is a member of the Executive Committee.

Pam has an undergraduate degree in Urban and Regional Government and a Masters Degree in Business and Public Administration, both from Willamette University.
